

Year 6 Newsletter

Monday 18th May 2020

Hello from Mrs Ajewole & Mrs Pesani

Well done to everyone who has completed learning activities whether through the Google Classroom, on paper at home or on Mathletics and Bug Club. Keep up the GREAT work.

It was lovely to speak to so many of you and your families on the phone again this week, hearing of all the wonderful things you have been up to in order to keep busy. If you missed our call or would like to hear from us again next week, please send us an email to: GHPSYear6@ghps.bracknell-forest.sch.uk

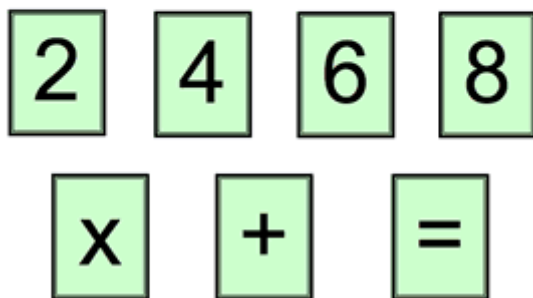

Weekly Puzzle

This week's puzzle has been set by Mrs Pesani. If you would like to set next week's puzzle please email us.

You need a calculator for this puzzle.

Using the numbers 2, 4, 6 and 8, the multiply sign, the add sign and the equals sign, what is the largest number you can make?

You may only press each digit and sign once, but you don't have to press all the signs.

Reading Bingo

Continue with the Reading Bingo challenge this week. There are 30 activities in total, can you manage to complete all 30 by the end of next week?

We would be interested to hear which ones you attempted and if you managed to complete them all.

This week's learning

Maths

Revision of all things fractions.

This week we are working through the learning on White Rose Hub. There is then an arithmetic and reasoning fraction challenge at the end of the week.

Reading

I can answer a range of comprehension questions.

This week you have two different extracts to read: 'The Jabberwocky' and 'Circulation'. Answer both Set A and B questions for both extracts.

Writing

I can review and evaluate a book.

We have now come to the end of our work on 'Friend or Foe'. Please finish the audio book and write a review.

There are some additional writing tasks to choose from too.

History

I understand what rationing is and the effect on Britain during and after WWII

See the attached PowerPoint for instructions along with the resources to support you.

Mathletics Certificates

Well done to those of you who have accessed Mathletics this week.

This week we are awarding the following certificates:

Bronze:

6CP – Jamie, Damien and Jayden M.

6CA – Kacey, Adelina, Kayleb, Alicia, Lily and Jessica.

Silver:

6CP – Charlie V.

Year 6 at home learning

Jayden M has been busy making carrot cookies for VE Day. They look delicious but he did not enjoy them!

This is Jessica's Blitz artwork – she has used colouring pencil to create her picture.

Thank you to everyone who sent in images of their Blitz artwork. They look great and we hope you enjoyed the task.

On the left is Anshu's design which she created on the computer.

Below is Art's Blitz picture where he has chosen to show St Paul's Cathedral.

Beth has used paint in her picture above and included an enemy war plane.

We would love to see what the rest of you have been up to so please do send through your photos ready for next week's newsletter.

Daily Timetable

If you finish the tasks provided or are looking for additional activities to complete, please have a look at the suggested lesson ideas below. It might be fun to mix and match.
