

# Celebrating Learning during Lockdown

## Key Stage One – Years 1 & 2

Dear Parents/Carers,

I hope that everyone is well, as we come to the end of the second week of the National Lockdown. First of all, we would like to take this opportunity to thank you for your kindness, enthusiasm and support throughout the last two weeks, which has been a challenging time for everyone. We do appreciate all your efforts keeping your child engaged with their learning.

It has been wonderful seeing so many children logging on to their daily lessons and taking an active role with their learning. Throughout the last two weeks, we have been impressed by the resilience and determination the children have shown in lessons.

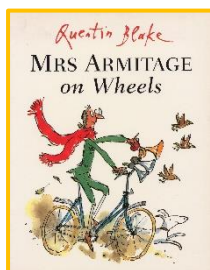

If possible, so the children are ready to learn, it would be really helpful for us if the children could have a pencil and paper ready for each lesson. Also, that toys are not being played with, thank you.

Just a reminder, we do not want you to worry if you are unable to cover all the learning throughout the day. These are just suggestions and we understand that everyone's circumstances are different.

Thank you for sharing so many positive comments with us over the past couple of weeks. We are very keen to gain feedback from our parents and carers about our home learning provision and would be very grateful if you would take a few minutes to complete our [Feedback Form](#).

### Learning covered this week in school and online

#### **Year 1 and 2**

English - This week the children have been getting to know the story of Mrs Armitage on Wheels and they have been finding out about the characters in the story.

Topic - All the children have been learning about the history of transport.

## **Year 1**

Science – The children have been learning about seasonal changes and have focused on weather and winter this week.

Maths – The children have been counting forwards and backwards and learning about place value.

## **Year 2**

Science – This week the children have been looking at different materials in regards to their properties and use.

Maths – The children have started learning about multiplication and division.

## **PE afternoons**

PE afternoons are on a Tuesday and Friday afternoon each week for both Year 1 and Year 2. The PE activities for your year group can be found on the school website under the [Pupil Learning Zone](#).

If you are still having trouble logging on to Google Classroom or need any additional support please contact the school, we are here to help you at any time.

Kind regards

**Miss Estcourt**  
**KS1 Phase Leader**
