

What is happening in Nursery this week? 17th May 2021

Literacy

Our focussed story this week is the train ride. The children will be making a five sentence story to help them retell it.

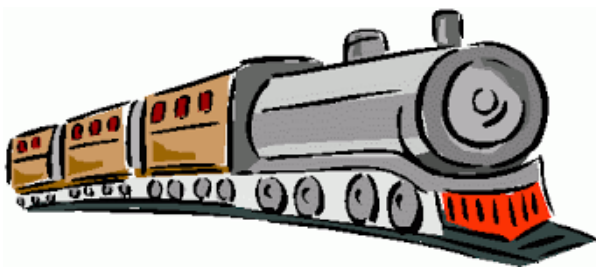

Topic

We are continuing our Topic of 'Journeys' this week, and learning all about trains.

The children will be going on a virtual train ride using a video online. We will then talk about the things we have seen, developing talking in sentences.

The children will also be retelling our story of the week using small world figures.

Maths

We are looking at the number five this week.

The children will be using the sand to draw out the numbers one to five with sticks.

The children will also be going on a number hunt around the garden and finding number fives hidden in the different areas.

Other information

The class photos scheduled for tomorrow have been postponed due to the unsettled weather.

If your child has developed any medical conditions since joining us, please do let us know so we can update our records.

Thank you!
