

What is happening in Nursery this week?

20th September 2021

Literacy

The children will be listening to the story 'Who's Making That Smell?', and also retelling the nursery rhymes 'Hickory Dickory Dock' and 'Hey Diddle Diddle' using actions.

Maths

We are looking at the number two this week.

We will also be developing some number concepts such as more and less by sharing out objects.

The children will also be developing their shape awareness by looking for rectangle shapes while they explore.

Topic

The children have started their new topic of 'All About Me', and we are looking at the sense of smell this week.

The children will be exploring smells with smelly paint, playdough and smelly pots. We will be using flavourings such as vanilla, peppermint and strawberry.

Other Information

The children have settled in so well since returning and our new members of the class are making new friends and learning our daily routine.

They are showing some GREAT learning during their exploring time.

The children will be having their photos taken next week. Individual photos are on Wednesday morning (22nd September), and sibling photos will be taken on Thursday morning (23rd September).
