Dear Parents and Carers

“Great Hollands Primary School is a Great Place to Learn”

I am delighted to be able to share with you the finalised Ofsted report following the visit in November. As you will see, they recognised our school’s amazing transformation and have awarded a judgement of **GOOD in all areas**.

This is fantastic progress for our school, moving up a full two categories.

I am so proud of the children and team we have here at GHPS and I hope you will also take pride in the knowledge that your child gets to go to a truly incredible school!

Some highlights from the report are as follows:

“Great Hollands Primary School is a great place to learn”

“The headteacher, senior leaders and Maiden Erlegh Trust have transformed the school”

“Pupils love learning ‘new things’ and work hard to meet teachers’ high expectations”

“Pupils have good attitudes to learning and learn how to take responsibility for themselves and their behaviour.”

“Parents and carers are full of praise for the support each pupil receives”

“Relationships between pupils and adults are a strength of the school.

Please do take some time to [read the report](#) as it shows just what a GREAT school we are!

Thank you for your continued support.

Richard Ferris
Headteacher
