Tuesday 17 May

Dear Parents/Carers

We are very excited to tell you that on **Tuesday 24 May 2022** we have Science Oxford coming into school to lead a K'nex workshop with the children in Years 5&6.

The sessions will run as a whole day event and each year group will take part in a 2-hour workshop.

The purpose of this visit is for the children to immerse themselves in our science topic on forces. During the session they will recognise that some mechanisms including levers, pulleys and gears allow a smaller force to have a greater effect. They will be taking part in a bridge opening activity with the chance to design, build, test and improve their own working models.

Requested contribution

The workshop will be an interactive experience, so to support us in providing this, we kindly ask for a contribution of £2.50, which can be paid via ParentPay.

Please direct any questions to your child's class teacher.

Kind regards

Mrs Ajewole
Year 5/6 Phase Leader
