Dear Parents and Carers

You will find a login for the PiXL Times Table app in the front of your child's diary. This is an app for children to practice their times tables. This can be found at:

https://timestable.pixl.org.uk/

The PiXL ID is **GH4764**

The link can be accessed on any PC, or on any mobile or tablet device (although you will need to download a free app from your App Store for the latter two). If you forget the website address, a Google search of 'PiXL Times Tables' will bring this up easily.

The app allows children to practice any times tables up to 12 x 12, test themselves against the clock, earn trophies and even compete against other children in a times table race!

The times tables focus for Year 2 are the 2, 5, 3 and 10 times tables and related division facts.

The illustration below shows the screen that a child will see when they log into the app. Teachers are able to log in and see the progress of all children, what each child has accessed and any gaps in their times table knowledge.

Times tables are such a key part of your child's learning in Maths and regular practice will make a significant difference to your child's progress. We hope that the competitive element to the app and the use of games will keep the children engaged. Just 10 minutes per day before other 'screen time' will really benefit the children.

Thank you for your continued support.

Miss Estcourt
KS1 Phase Leader
