Dear Parent/Carer

Stargazing Planetarium Visit for Years 1-5

We are very excited to tell you that on **Tuesday 18 April 2023** the Stargazing Planetarium will be visiting our school to develop our knowledge and understanding of our place in space.

During this immersive experience, the children will have the opportunity to learn more about our planet, the moon, sun and solar system and see how they move and what we see in the sky. The children will be taken on a journey to experience the awe and wonder of our amazing planet!

This activity is partly funded through our current work with the Ogden Trust. Their aim is to develop physics education and engagement for all young children.

We are asking parents to give a voluntary contribution of £1 towards this activity, to be sent in with your child on the day.

We look forward to taking your children on this in-school trip that we expect will be 'out of this world!'

Please direct any questions to your child's class teacher.

Kind regards

Ms N York
Deputy Headteacher
