Topic Home Learning Year 1/2 Summer Term 1

Dear Parents/Carers

Each half term we will be setting Topic Home Learning activities. Below is a selection of activities that the children can select from. They can choose one or more to complete and record in their home learning book.

Please complete by Friday 19th May and a copy of this grid will be in their home learning book.

Topic: What do plants need to grow?	
<p>Walk around your garden or around a local park. See if you can spot five different plants. Draw each plant and label the parts of the plant you can see. Write the name of your plant if you can.</p> <div></div> <p>Challenge! What plant is your favourite? Why? Write three sentences describing the plant and why you like it.</p>	<p>Make a 3D model of a plant or tree. Think about the material you could use to make your model. You could use plasticine, boxes, egg cartons, bottles, and pots.</p> <div></div>
<p>Make a plant collage – collect paper, string, wool, tissue / coloured card. Cut and stick them into a plant collage.</p> <div></div>	<p>Create a poster about looking after plants. Think about what plants need to survive and why we enjoy them.</p> <div></div> <p>Challenge Plant a seed at home and keep a diary with pictures and information about the changes you observe.</p>

Thank you for your support.
