

What is happening in Reception?

Beginning of May 2023

Literacy

Fred Talk

We have been learning a new traditional story, 'The Three Billy Goats Gruff'. We will be exploring the story, the characters and the settings before creating a story map to help us retell it. We are also listening to 'Anna Hibiscus' Song' by Atinuke. This is a story set in West Africa and tells of a young girl who is so happy she doesn't know what to do!

In phonics, we are now all learning special friends. We will all be practising oral blending, reading green and red words, practising writing sounds and spelling words with the sounds we know well. We are all practising writing CVC or CCVC/CVCC words, writing them in phrases with finger spaces. In handwriting, we are trying to write our letters at the correct relative size and learning to write capital letters. (Note: V = vowel and C = consonant)

Maths

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20
21	22	23	24	25
26	27	28	29	30

In Maths, we will be reciting numbers to 30 and back. We will learn to count and write our numbers to 20. During the week, we will practise subitising numbers to 5 and our number bonds to 5 then 10. We will also be exploring sharing equally and building on our understanding of number patterns including odd and even numbers.

Topic

We are continuing our topic, 'How is life in the UK the same and different to other places in the world?' We will be focusing on Kenya in Africa and Greece in Europe. We will be thinking about the weather in both places and how it is the same and different to our environment. Both places are generally warmer so they can grow things we can't in the UK because it is cooler, like coffee and cotton in Kenya and olives and oranges in Greece. We will be looking at photographs of the clothes they wear and the homes they live in. In Greece, many houses are painted white and have small windows with shutters on them. They have many islands in Greece so travel by boat.

Messages

We hope you had a lovely Bank Holiday and Coronation weekend!

This time of year, the weather can be unpredictable so please ensure your child has suitable clothing for their outdoor learning. A lightweight jacket kept in their bag is always a helpful thing to have as the weather warms up.

Can we please ask everyone to check all the children's clothing is named! This time of year, most children take off their cardigans and sweatshirts and it becomes very difficult, when many of these are not named.

PE is on a Friday so could earrings be removed or taped up before school if your child has pierced ears.

Please remember to use Oxford Owl for electronic copies of RWI books and quizzes to support your child!

How can you help at home?

Please continue to practise oral blending with your child daily. If they can blend 3 sounds then please extend them to 4 or 5 sounds to help them progress in their reading. The Fred game links and Oxford Owl activities will help with this. Please practise sounds daily and listen to your child read if they are bringing home words, sheets and/or books. Some children are now learning the first six set 2 sounds and these can be trickier. Please continue to practise reading all the sounds they have learned.

Please share books and read to your child every night if you can. Try and develop a love of reading that will stay with them for the rest of their lives! The children should practise reading regularly Oxford Owl can help with this.

Ten Town will give your child access to all the stories and songs they know and a range of activities designed to develop their understanding of numbers.

You can also support your child's Maths learning by undertaking some of the suggested activities from the maths home learning.

Pictures of our Learning

If you have any comments, concerns or questions, please come and speak to Mrs Kalampaliki or Ms York.

We hope you all have a lovely week!
