Y6 Activities Week – Hollywood Bowl visit

Dear Parents/Carers

During the week beginning 10th July, the children in Year 6 who are not attending the residential trip will take part in a series of different activities at school instead.

The purpose of the residential trip is primarily to develop friendships and teamworking skills across the year group. This will help support the children in preparation for transition to secondary school. Our intention for the children staying behind at school is to provide similar learning opportunities. To support this, we will link the activities closely to our whole school values and the school curriculum.
