Primary

This page shows [revised](#) results data for pupils who completed [key stage 2](#) in the summer of 2024. These figures were published in December 2024.

School performance data should be considered alongside a range of other information about the school, which could include looking at school websites, reading Ofsted reports, and speaking to the school directly. Conclusions should not be drawn on a single piece of data alone.

Pupils/students included in this performance data will have experienced some disruption due to Covid-19 earlier in their schooling, which will have affected individual pupils and schools differently.

Progress score in reading, writing and maths

We are not able to calculate KS1-KS2 progress scores for academic years 2023/24 and 2024/25. This is because there is no KS1 baseline available to calculate primary progress measures for these years due to Covid-19 disruption. We are also unable to show results broken down by prior attainment. For more information see the [KS2 technical guidance](#). You can also view historic 2022/23 progress measures on the [Progress measures for the 2022 to 2023 academic year](#) page.

Attainment measures show how pupils have performed in tests and assessments but do not take pupils' starting points into account.

Pupils meeting expected standard in reading, writing and maths
